

Year group: 1/2

Class: Oak

Term: Autumn

English:

Stories in familiar settings, Letters, Poems and Traditional Tales, Information Texts.

We will be learning how to use punctuation correctly, including capital letters, full stops, question marks and exclamation marks. We will learn how to use sentences with different forms: statement, question, exclamation and command. We will develop our comprehension and reading skills in guided reading. We will continue with phonics to support our reading and writing.

Maths:

We will be counting and representing numbers to 100, looking at place value. We will add and subtract numbers using different methods. We will begin to look at multiplication and division. We will be using equipment and mental strategies when doing our maths questions and problem solving. We will look at 2D and 3D shapes, identifying their names and properties. We will look at money, identifying notes and coins, how to use the correct signs and how to combine amounts to make a particular value.

Science:

Plants

We will be identifying different plants and trees, labelling their parts. We will look at parts of a flower and see if we can identify them. We will be observing plants, how they grow and change from bulbs. We will find out what plants need to grow well and how they survive in different areas.

Computing:

Espresso coding.
Use the internet safely to retrieve information.

MFL:

Spanish – greetings (name, how old are you?), numbers 1-12, months of the year (birthdays), days of the week, colours, body parts, instructions.

Invaders

PSHE

Building friendships

History:

We will study castles, identifying key features, who lived in them and how they were used. We will also find out about the Romans, exploring Roman life and children, identifying similarities and differences to the way of life today.

Geography:

We will locate amazing castles around the world using world maps, atlases and globes. We will be identifying where the Romans lived in Britain using aerial photographs to recognise landmarks and basic human and physical features.

Art and design:

We will make Roman shields attaching, joining and shaping a variety of materials. We will use our observational skills to create our own pencil drawings of castles using a variety of shading techniques.

Design & Technology:

We will use a range of materials to make models of towers, tunnels and bridges linked with our work on castles. We will create designs, developing and sharing our ideas, and finally testing our models.

RE: What do we believe in our town?
That's not fair! Or is it?

Music:

Long and short notes, high and low pitch. Using non-standard notation systems, creating repeatable patterns and short pieces of repeatable music.

PE:

Edufit
Gymnastics.
